Briefing of the Project

Brand Name : NITRO
Brand Slogan : Energi Buat Jalan Terus
Campaign Theme : Waktunya Ngegas Lagi

Introduction

NITRO is a next-generation energy drink made for today's fast-paced, high-focus lifestyle. Designed with a clean, refreshing taste and a smart blend of natural caffeine and B-vitamins, NITRO delivers sustained energy and mental clarity without the crash. It's built for young professionals, students, and creatives who rely on both drive and discipline to stay sharp, productive, and in motion.

Unlike most energy drink brands that focus on physical extremes, NITRO speaks to the **everyday mental grind** burning the midnight oil for a college assignment, prepping slides for a morning pitch, or pushing through creative blocks after hours. In a world full of noise, expectations, and fatigue, NITRO offers the clarity to stay focused and the energy to keep going. Because today, staying "on" means more than just staying awake it means staying in control.

This year, NITRO launches its newest campaign: "**Waktunya Ngegas Lagi.**" With the slogan "*Energi Buat Jalan Terus,*" the campaign champions those moments when energy fades, motivation stalls, and ideas get stuck. It's a call to action, a small push that reminds you to pick yourself up, reset, and move again. Visually, the campaign embraces bold typography, confident motion, and minimalist layouts that reflect sharpness, speed, and movement. Because sometimes, all it takes is one sip and a solid reminder: "**Gas lagi, bro. Masih bisa.**"

Description of the Project

Participants must create two campaign deliverables that promote NITRO's latest campaign "Waktunya Ngegas Lagi" with the slogan "Energi Buat Jalan Terus."

Both designs must reflect a strong brand tone: bold, modern, energetic, and focused. While each media format has different requirements, the visual identity, campaign message, and branding must remain consistent.
