Appendix

- 1) Appendix 1.1: Task 1 Logo & Animation
- 2) Appendix 1.2: Task 2 6pp Tri Fold Brochure
- 3) Appendix 1.3: Task 3 Social Media (YouTube & Instagram)
- 4) Appendix Images (Image Folder)

Briefing of the project

Introduction

Company:
HealthBeats®

Slogan (Tagline):
Heartbeats of healthcare

Mission Statement:
To deliver affordable healthcare to everyone, everywhere, every time.

About Us:

HealthBeats® is a Remote Vitals Monitoring ("RVM") subscription-based global platform designed to bring healthcare home. We build HealthBeats® based on our belief that regular proactive monitoring outside of healthcare settings can only lead to better outcomes. Through our collective and extensive experiences in the healthcare industry, we endeavor to work through the inherent complexities to bring simple solutions to patients and healthcare providers alike.

HealthBeats provides an end-to-end solution that includes regulatory approved medical devices, HealthBeats® software platform and comprehensive support services.

We advocate heavily on one thing: Simplicity. To support our users' focus on managing their health, we provide a simple-to-use, simple-to deploy and simple commercial model. These allow a complete peace of mind for both our patient and clinician users.

Description of the project

Target audience

Demographics

- Gender: Unisex
- Age: 30 years old to 65 years old
- **HealthBeats®** solution allows clinicians such as doctors and nurses proactively monitor patients' health data real-time in frequency customised to the patient's need. The objective is to ensure proactive management of patients' health and drive better health outcomes.

Task to perform

Task1: Develop a logo with a tagline & Animate the Logo (2.5hrs)
(Submit before lunch)

Task 2 & 3 (3.5 hrs)

Task 2: Design a 6pp Tri Fold Brochure
(Submit after lunch)

Task 3: Design for social media YouTube & Instagram
(Submit after lunch)

Task 1: Create the logo

(Submit before lunch)

Develop a logo with a tagline & animate the Logo

Specifications

- The logo must include the following text from Appendix 1.1: Task 1 Logo & Animation
 - **Logo Text:** HealthBeats®
 - **Tagline:** Heartbeats of healthcare
- The emphasis should be placed on the words **HealthBeats®**
The Logo Text and the Tagline may be in all caps, lowercase, or capital first letters of each word.
Logo Text will be required to include a Registered trademark symbol ®
- Display your logo on an A4 landscape page (297mm x 210mm)
- Set your logo on this page to a maximum size of 180mm at the longest edge (wide or high)
- Your logo must use only FOUR (4) (Pantone+ CMYK Uncoated) colors with no tints or gradients (only 100% of color is allowed)
- You will also convert this to a CMYK and RGB version during submission using different file types
- Trapping 0.40pt exactly (if required)

Naming

Note: YY represents your competitor number

- YY_Logo_PMS.ai
- YY_Logo_PMS_outlined.pdf
- YY_Logo_CMYK_outlined.eps
- YY_Logo_RGB_outlined.svg

You must deliver

(Submit before lunch)

Digital

- 1 x EPS File — Convert your colors to CMYK.
- 1 x SVG File — Convert your colors to RGB.
- 1 x Ai File — without outlined text, CMYK color mode
- 1 x PDF file — PDF/X-4:2008,
all text must be converted to outlines + color bars showing named spot colors.

Print

- 1 x printed and mounted logo with tagline on A3 mounting board.

Task 1: Animated Logo & tagline for social media

Concept

Animate your newly created logo, and help promote the tagline **Heartbeats of healthcare** on social media. Ensure your animation remains easy to read, as people scroll rapidly through social media channels. Your animation must animate for at least FIVE (5) seconds but no longer than TEN (10) seconds.

Remember that the text still needs to be legible on small mobile phone screens and the branding must be consistent following your newly developed style. This will set the tone for all future social media marketing campaigns.

Specifications

- 1080 x 1080 pixels (px)
- RGB — 72 ppi
- Video codec: H.264
- FPS: 30 frames per second
- Duration — Between 00:05 and 00:10 seconds in length

File Type

- Your animation should be constructed in either Photoshop or After Effects
- Raster images: .tiff, .psd, .eps
- Vector images: .ai, .eps, svg

Naming

Note: YY represents your competitor number

- YY_Animation_Project.psd or YY_Animation_Project.aep
- YY_Animation_Project.mov or YY_Animation_Project.mp4

You must deliver

Digital

- 1 x RGB video format: MP4 or MOV file type.
- 1 x Photoshop .psd layered file or After Effects. aep working project native file, packaged and including linked files and fonts.

Print

No print required

Task 2: Brochure

Concept

Design a creative 6pp Tri-Fold Brochure showcasing the product information and instructions that will be placed inside the provided product by the client.

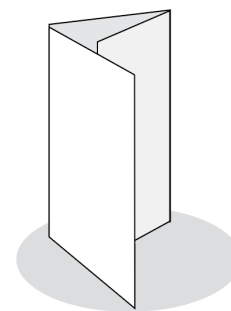

The brochure must clearly provide simple infographic instructions to people, as well as information about the benefits of using the product.

The brochure MUST be aligned and fit into the product box provided. A Die-Cut for the brochure and a Perforated Tear-Out Coupon are required to allow users to make a redemption from the respective stores island-wide.

Technical Specifications

The instruction Brochure must include the following:

- Brochure Layout: Double sided (Tri-Fold).
- Your Logo & tagline from Task 1.
- At least SIX (6) or more images from Task 2 _Appendix 1.2 Images
- Images cannot be used more than once.
- You may edit and adjust the images according to your design.
- All texts from Task 2 6pp Tri Fold Brochure
- Follow image reference of Brochure as shown on test paper
- Create and design a two-sided Tear Out Coupon with perforated tear-out lines.
- Generate a QR Code to be placed within the back of the Tear Out Coupon
- QR Code set in 100% Black and 26mm (from edge to edge of the black part), set to overprint.
- Create a Die Cut Shape for the Brochure Cover Page on Page 1.
- Apply Varnish onto the Logo and Tagline from Task 1 on Page 1.
- 4 Infographics are required to showcase instructions on how to use the product on Page 3.
- All images used must be labeled according to the actual name of the images used in InDesign layers.
- All die lines, perforation lines, spot color swatches and varnish must be labeled in InDesign.
- Apply “overprint” to all Die lines, Perforation, Varnish and QR Code.
- You are free to add/create your own illustrations.

Size

- 6pp Tri Fold Brochure — 297mm x 210mm (open format).
- Margin Setup — Top 13mm, Bottom 16mm, inside 15mm, outside 15mm.

Pages Specification

- Inner Pages (from left to right — Page 2, 3 and 4)
- Outer Pages (from left to right — Page 5, 6 and 1)

PAGE 1 — Cover Page

- Create a Die Cut Shape on page layer on the cover page to create a sneak preview of the Tear Out coupon beneath it. (Both Die Cut Shape, and tear out coupon position need to be in sync)
- Create a montage of 3 images of your choice.
(Images must not use more than once from Task 2 _Appendix 1.2: Images - Page 1 Folder one of the images must be at least 30% larger than the rest)
- Refer to the given Resolution section for the image resolution specified.
- Your Logo & tagline from Task 1.
- Apply Varnish onto Logo & Tagline from Task 1.
- Use the text provided in Task 2 _Appendix 1.2: Text - Page 1 (Cover)

PAGE 2

- Image “bettermanagement.png” from Task 2 _Appendix 1.2: Images - Page 2 Folder
- Refer to the given Resolution section for the image resolution specified.
- Use the text and caption provided in Task 2 _Appendix 1.2: Text - Page 2

PAGE 3

- No images required
- Use the text provided in Task 2 _Appendix 1.2: Text - Page 3
- Create at least 4 Infographics for the instructions on usage of the product.

PAGE 4

- Image “vital threshold results.png” from Task 2 _Appendix 1.2: Images - Page 4 Folder.
- Refer to the given Resolution section for the image resolution specified.
- Use the text and caption provided in Task 2 _Appendix 1.2: Text - Page 4.
- Back side Tear Out Coupon must be applied on Page 4. Use text provided in Task 2 _Appendix 1.2: Text - Page 4 (Back Tear Out-Coupon)
(Back coupon must be in sync with the position of the front coupon in Page 5)
- Create your own QR Code and apply onto the back of the Coupon.
(Link to generate QR Code <https://linktr.ee/healthbeats>)
- QR Code set in 100% Black and 26mm (from edge to edge of the black part), set to overprint.
- Place QR Code within the tear out coupon.

PAGE 5

- Front side Tear Out Coupon must be applied on Page 5. Use text provided from Task 2 _Appendix 1.2: Text - Page 5 (Front Tear Out Coupon).
(Front coupon must be in sync with the position of the back coupon in Page 4)
- Apply a perforated line. (marked with either dash line or dots)
- Image “healthbeats app hero.png” from Task 2 _Appendix 1.2: Images - Page 5 Folder.
- Place the image “coupon care.png” on the Tear Out Coupon. Use image provided from Task 2 _Appendix 1.2: Images - Page 5 Folder
- Refer to the given Resolution section for the image resolution specified.
- Use the text and caption provided in from Task 2 _Appendix 1.2: Text - Page 5

PAGE 6 — Back Cover Page

- Image “healthbeats general.png” and “locationmap.png” from Task 2 _Appendix 1.2: Images - Page 6 Folder

- Refer to the given Resolution section for the image resolution specified.
- Use the text provided in Task 2 _Appendix 1.2: Text - Page 6
- Company Contact and map location image.
- Color, Die-cut Lines, Fold Line & Perforated Line
- Output will be CMYK color + 4 different spot colors for die line types and varnish.
- Create separate layers for each die line type, varnish, and different colors for each of them:
Name the layers, varnish, and color swatches as “Die-cut Line”, “Fold Lines”
“Perforated Line”, “Varnish” and “QR Code” respectively (All set to overprint).
- Perforated Lines set as 0.5 pt exactly.

Images

- Ink Density for all images set as maximum 300%

ICC Profile

- ICC Profile: Uncoated FOGRA29

Bleed

- 4.0 mm (exactly)

Paper

- Stock – 170 gsm

Printing Process

- Lithography – Offset sheet fed.

File Type

- Tri fold brochure must be created in .INDD
- Raster images: .tiff, .psd, .eps
- Vector images: .ai, .eps
- You may include working files in a separate folder named as “Working Files”

Resolution

Grayscale or color image resolution variation for different pages (1, 2, 4, 5 and 6 only).

- Grayscale or color image resolution: 280 – 350 dpi (placed at 100% in InDesign) Page 1 & 6.
- Grayscale or color image resolution: 285 – 340 dpi (placed at 100% in InDesign) Page 2.
- Grayscale or color image resolution: 295 – 315 dpi (placed at 100% in InDesign) Page 4 & 5.

Paragraph Styles

- Must be used for all HEADLINE and BODY TEXT styles (consistently used with no overrides).
- Paragraph Styles must be named as: “TitleStyle”, “BodyStyle”, “CaptionStyle”, “PageNumberStyle”.
- Page numbers are NOT required for Page 1 and Page 6.

Naming

Note: YY represents your competitor number

- YY_Brochure_Inner.indd
- YY_Brochure_Outer.indd
- YY_Brochure_Inner.pdf
- YY_Brochure_Outer.pdf

You must deliver

Digital:

- 1 x PDF-X4:2008 for “Brochure_Inner” file, including folding line, crop marks, registration marks, and color bars.
- 1 x PDF-X4:2008 for “Brochure_Outer” file, including die-cut line, perforated line, varnish, folding line, crop marks, registration marks, and color bars.
- 2 x packaged Adobe InDesign file which includes all fonts and links used.
- Any other working files should be placed in a separate folder that proves development and showcases any alternatives.

Print:

- 1 x of Brochure_Inner on A3, including crop marks, color bar, folding lines must be indicated outside of A4 artwork area.
- 1 x of Brochure Outer on A3, including die-cut line, perforated line, crop marks, varnish, color bar, folding lines must be indicated outside of A4 artwork area.

Present:

- 1 complete Brochure mock up at 100%, showcasing actual implementation of die cut and torn out sample Tear Out Coupon (without folding lines).

Task 3: Social media (YouTube Banner & Instagram Post and Mock Up)

Concept

Create a YouTube & Instagram post to promote the tagline **Heartbeats of healthcare** on social media. You will need to create a YouTube Banner & Instagram Post for each collage with a minimum of 6 images (1 YouTube banner and 1 Instagram Post).

The social media must showcase the importance of **HealthBeats®** Remote Vitals Monitoring through the emphasis, hierarchy of images, masking of images and inclusion of logo. It is important that the developed Branding must remain consistent throughout the social media campaigns.

Your YouTube Banner & Instagram Post must include the following:

- Logo from Task 1.
- Use YouTube & Instagram Text from Task 3 (Task 3 _Appendix 1.3 Text)
- Images from Task 3 _Appendix 1.3 Images

Images

- A combination of 6 images from (Task 3_Appendix 1.3 Images), must be collaged into one image .psd file.
- The collage of 6 images must include the following 3 images which must be masked.
 - o 01 Mask Image Clinician.jpg
 - o 02 Mask Image Patient.jpg
 - o 03 Mask Image Monitoring.jpg
- The image must include one of the images set as monotone color with any 1 color chosen.
- The hierarchy of the main chosen key image should be differentiated from the rest of the images by a size difference of 30%.

Technical Specification (YouTube Banner)

- You Tube Banner Desktop size: 2048 x 338 px
- You Tube Banner Mobile size: 1235 x 338 px
- File size limit: maximum 6 MB
- RGB — 126 ppi

Technical Specification (Instagram Post)

- Instagram size: 1080 x 1080 px
- File size limit: maximum 3 MB
- RGB — 138 ppi

Mock Up for YouTube Banner and Instagram Post

Apply the completed YouTube Banner and Instagram Post to the respective mockup template provided.

- Apply the completed YouTube Banner Desktop size to a Desktop mockup template provided. (Add in the banner and profile “mark” from the Logo mark from Task 1 in the blue areas provided).
- Apply the completed YouTube Banner Mobile size to a Mobile mockup template provided. (Add in the banner and profile “mark” from the Logo mark from Task 1 in the blue areas provided).
- Apply the completed Instagram Post size to a Desktop mockup template provided. (Add in Instagram post and profile “mark” from the Logo mark from Task 1 in the blue areas provided).
- RGB — 72 ppi

ICC Profile

- sRGB IEC61966-2.1

File Type

- Working File: Photoshop (.PSD),
must be layered with the respective images and **labeled** according to the actual image name)
- Final File: .JPG (flattened)
- You may include working files in a separate folder named as “Working Files”.

Naming

Note: YY represents your competitor number

YouTube Banner

- YY_YouTube_Banner Desktop.psd
- YY_YouTube_Banner Mobile.psd
- YY_YouTube_Banner_Desktop Mockup template.psd
- YY_YouTube_Banner_Mobile Mockup template.psd
- YY_YouTube_Banner Desktop.jpg
- YY_YouTube_Banner Mobile.jpg
- YY_YouTube_Banner_Desktop Mockup.jpg
- YY_YouTube_Banner_Mobile Mockup template.jpg

Instagram Post

- YY_Instagram_Post.psd
- YY_Instagram_Post_Desktop Mockup template.psd
- YY_Instagram_Post.jpg
- YY_Instagram_Post_Desktop Mockup template.jpg

You must deliver

Digital:

YouTube Banner

- 1 x PSD of YouTube Banner Desktop
- 1x PSD of YouTube Banner Mobile
- 1 x PSD of YouTube Banner Desktop Mockup template
- 1 x PSD of YouTube Banner Mobile Mockup template
- 1 x JPG of YouTube Banner Desktop
- 1 x JPG of YouTube Banner Mobile
- 1 x JPG of YouTube Banner Desktop Mockup template
- 1 x JPG of YouTube Banner Mobile Mockup template

Instagram Post

- 1 x PSD of Instagram Post
- 1 x PSD of Instagram Post Desktop Mockup
- 1 x JPG of Instagram Post
- 1 x JPG of Instagram Post Desktop Mockup

Print:

- 1 x color printout of YouTube Banner on A3, banner reduced to 40%, centered on page with trim marks.
- 1 x color printout of Instagram Post on A3 at 160 mm wide centered on page with trim marks.
- 1 x color printout on A3 of the mocked-up YouTube Banner, based on the fixed dimension given. (Reduce to fit on A3)
- 1 x color printout on A3 of the mocked-up Instagram Post, based on the fixed dimension given. (No trim needed)
- Ensure that you include your competitor number outside of the artwork area.

INSTRUCTIONS TO THE COMPETITOR

TIME LIMIT FOR THIS TEST PROJECT

The Test Project module 2 must be completed in 6 hours

- Create a folder on your Desktop called YY_MOD2 (where YY represents the number of your workstation).
- This folder must include the following subfolders “Task 1, Task 2 and Task 3”. The subfolders are to contain two folders:

A folder named **“Original”**: it should contain all the files used for the development of your project.

A folder named **“Final”**: it should contain all of the final files. (PDF, native, fonts and linked images)

- You must include your workstation number on the presentation board and printouts for marking and delivery to your workstation (the number should be included outside of the artwork area)
- Regarding image assessment for the tasks: the color mode of your images will be evaluated in the PDF files. The final resolution and file formats will be assessed in your working software, such as Illustrator or InDesign.
- The JPG file format is NOT ACCEPTED for images; only the following file formats are acceptable .TIF / .EPS / .Ai / .PSD
- Task 1 must be created in Illustrator and Photoshop or After Effects; Task 2 the final must be in InDesign; Task 3 final layout must be created in Photoshop.
- Images must not be embedded or placed in Adobe Illustrator or Adobe InDesign.
