INTRODUCTION

Project: Design Logo and packaging for durian candy

Durian is a common fruit that grows in tropical regions around the world, particularly in Southeast Asia countries of Malaysia, Indonesia and Thailand. Durian is regarded by many people in Southeast Asia as the “king of fruits” because it is actually very high in nutrients, containing much more than most other fruits. Durian fruit is incredibly high in healthy nutrients. These include B-vitamins, vitamin C, minerals, healthy fats, fiber and various healthy plant compounds that may provide it with several health benefits, including for cancer, heart health, infections and blood sugar control. Durian is actually quite sweet and delicious which can be used as an ingredient in candy, milkshakes, ice cream and even in a cappuccino, but is also eaten raw with sticky rice, especially in Thailand.

Design:

1. Create logo for brand “Durio”
2. Design individual packages for 3 different durian flavor. Each flavor consists of 3 candies.
3. Design a gift package to contains 3 durian flavors (3 individual packages) all 9 durian candies. (Each flavor consists of 3 candies).

You must design a logo for brand “Durio” and packaging for durian fruit flavored soft chewy candy for Thailand. The packaging should be inspired by the art, culture, colors and history of Thailand. It must be a combination of creative thinking and cultural elements with local folk culture, its religious and cultural backgrounds and other elements, and the use of creative or innovative design approach.

Target market: Anyone who loves durian especially tourists travelling to Thailand who want durian candy for a souvenir to bring back home for their family and friend

INSTRUCTIONS TO THE COMPETITOR

- Create a folder on your Desktop called YY_MOD3 (where YY represents the number of your workstation).
- This folder must include the following 2 subfolders:
 1. A folder named **“Final”**: it should contain all of the final files in subfolders **Task 1, Task 2, and Task 3** with PDF, native files, fonts and linked images.
 2. A folder named **“Original”**: it should contain other files that are not final files used for creating your design.
 3. You must include your workstation number on the presentation board and printouts for marking and delivery to your workstation (the number should be included outside of the artwork area)
 4. The color mode of your images will be evaluated in the PDF files.
 5. The final resolution and file formats will be assessed in your working software, such as Illustrator or InDesign.
 6. The JPG file format is NOT ACCEPTED for images; only the following file formats are acceptable .TIF / .EPS / .AI / .PSD / DSC 2.0
 7. Task 1 must be created in Illustrator; Task 2 the final must be in Illustrator; Task 3 final layout must be created in Illustrator.
 8. Images must not be embedded in Adobe Illustrator.
 9. You must use ALL of the text provided for each task as specified.
 10. You must use ALL of the images specified as per the tasks.

Time limit for this test project

The Test Project must be completed in **6 hours**

TASK 1: LOGO DESIGN

Create logo for brand “Durio”

Requirements:

- The logo should be vector graphic only. No image allowed.
- You are to create two versions for logo: CMYK and 2 Pantone Solid Coated
