Briefing of the project

Introduction

About the Association:

PMNCH ist die Abkürzung für "Partnerschaft für die Gesundheit von Müttern, Neugeborenen und Kindern". Sie wurde 2005 gegründet und ist das weltweit größte Bündnis, das sich für den Schutz und die Förderung der Gesundheit, des Wohlbefindens und der Rechte von Frauen, Kindern und Jugendlichen einsetzt.

PMNCH arbeitet eng mit 1250 Partnerorganisationen und 10 Gruppen zusammen: Partnerregierungen, Geber und Stiftungen, Nichtregierungsorganisationen (NRO), Gruppen von Jugendlichen und jungen Erwachsenen, Organisationen des Privatsektors, Fachverbände des Gesundheitswesens, Hochschul- und Forschungseinrichtungen, globale Finanzierungsmechanismen, zwischenstaatliche Organisationen und UN-Organisationen. Das PMNCH wird von der Weltgesundheitsorganisation mit Sitz in Genf (Schweiz) betreut.

Vision ist eine Welt, in der jede Frau, jedes Kind und jeder Jugendliche sein Recht auf Gesundheit und Wohlbefinden verwirklichen kann und niemanden zurücklässt.

Aufgabe ist es, die Stimmen der Partner zu mobilisieren, zu bündeln und zu verstärken, die sich für die Gesundheit und das Wohlergehen von Frauen, Kindern und Jugendlichen einsetzen, insbesondere für die am meisten gefährdeten. Machen Sie Ihre Stimme hörbar!

Zielsetzung des Testprojekts

WAS: Entwerfen Sie für PMNCH ein neues Logo und einige Anwendungen.

WARUM: Das Hauptziel dieser Designübung ist es, ein Logodesign und visuelles Material zu präsentieren, das in den sozialen Medien verbreitet wird, um das Bewusstsein für die Organisation zu erhöhen. Diese neue Wortmarke wird das bestehende Logo der Organisation nicht ersetzen, sondern dient als visuelle Kampagne, die den Auftrag der Organisation unterstützt, die Stimmen der Partner zu mobilisieren, auszurichten und zu verstärken, die sich für die Gesundheit und das Wohlergehen von Frauen, Kindern und Jugendlichen, insbesondere der am meisten gefährdeten, einsetzen.

WIE: Sie können dieses Projekt als Spielwiese betrachten, um Ihre eigene visuelle Stimme einzusetzen, um die Vision und Mission von PMNCH durch ein neues Logo und einige Anwendungen zu interpretieren. Die verschiedenen Vorschläge aller Teilnehmer werden ein vielfältiges Spektrum an Designs hervorbringen und die Sichtbarkeit von PMNCH erhöhen.

Zielpublikum

Befürworter, Aktivisten, Kampagnenmacher, Geldbeschaffer, Spender, Initiatoren von Jugendorganisationen, Mitglieder von Berufsverbänden des Gesundheitswesens, Mitarbeiter von Nichtregierungsorganisationen, politische Entscheidungsträger bei den Vereinten Nationen - alle, die ihre Position nutzen, um sich für die Gesundheit, das Wohlbefinden und die Rechte von Frauen, Kindern und Jugendlichen einzusetzen.

Task 2: Create illustrations of woman, child, and adolescent to combine with the Logo >> 2,5 hours

Task 3: Design two social media posts with motion graphics for the PMNCH Instagram page >> 2 hours

Description of the Task

Task 1: Create the typographic wordmark for PMNCH

Create

Wordmark for PMNCH

The Wordmark must include the following words:

PMNCH for Women's, Children's and Adolescents' Health >> Appendix_1-Appendix-Text. Use this hierarchy in your design: 1) PMNCH 2) for 3) Women's, Children's and Adolescents' Health

Produce: Technical Specifications

- Only vector
- 1 × SPOT-Colour: RGB (40, 0, 30) – no gradients, 100 % >> in original Software
- ICC Colour Profile: Coated GRACoL2006 >> PDF
- Artboard size: 19 × 18 cm (landscape)

Present

Present your idea of the wordmark through the following printout within two hours after the competition start:

Print your typographic wordmark design on A3 – format showing two sizes of the wordmark. One large size - 15 cm at the longest edge and the second size exactly 5 cm at the longest edge (wide or high).

Present the design on a black board together with workstation number on a separate name tag.

Task 2: Create illustrations of woman, child, and adolescent to combine with the wordmark

Create

Create illustrations of a woman, a child and an adolescent and compose them all together along with the wordmark into a single log.

At this point, it should be emphasised once again that the aim is to develop another, new design that differs from the original.

Your wordmark from Task 1 has to be expanded with the corresponding illustrations. The logo should comply with the following criteria.

These elements must be included in your layout:

- Create three illustrations 1.) Woman 2.) Child and 3.) Adolescent.
- These illustrations should be made in vector and in colour. They should be inclusive and show diversity (e.g., skin or hair colour, clothing, ...)
- Include the wordmark 'PMNCH for Women's, Children's and Adolescents' Health from Task 1.
- It's allowed to change the colour of your wordmark from Task 1
- It's allowed to change the composition of the single elements of your wordmark from Task 1. But it's still important to maintain the consistency of the wordmark from Task 1.
- Compose all these elements (three illustrations and the wordmark) into one unit.
- Show how the completed logo looks in black and white. Design a positive and negative logo. Gradients allowed

Produce: Technical Specifications

- Trapping: 0.40 pt exactly if needed

- 1 × A3 Format: Place the finished logo three (3) times on an A3 (colour, positive and negative B/W). On this print, the colour logo should play the main role. The black and white logos are of secondary importance.

Present

Now it's time to present your proposal to the client. For this purpose, you should display the logo alone and, moreover, the logo will be displayed on the organisation's website. To do this, print two presentations:

- the logo on a 20 × 20 cm sheet
- the logo in the header of the company website. >> Appendix_3_Webpage

Present both prints on a black board together with workstation number on a separate name tag.

Task 3: Design two social media posts with motion graphics for Instagram page

A broad social media campaign will be developed to increase the visibility of PMNCH amongst women, children and adolescents. Two (2) animations are to be worked out first, which will then be presented to the client.

Instructions to the Competitor

Document Management

Digital Data on your Computer

Create a folder on your desktop called YY_Name-of-TP_DAY_Z , where YY represents the number of your workstation. "Name of TP" represents one of the four Test Projects (e.g. Corporate Design, Packaging,...) and Z the day of competition (1 to 4). The name of the folder does not contain any blanks.

All working, final and packaged files must be included in this folder. There is no other File or Folder on your Desktop.

e.g. : 06_Corporate-Design_DAY_1.

You must include your workstation number on the presentation board and printouts for marking and delivery to your workstation (the number should be included outside of the artwork).

Marking Scheme

The Marking Summary will be either provided during the briefing session on C1 or at your workstation.
