Briefing of the project

Introduction

Über die Firma Motorex:

Bereits 1917 begann der Pionier Arnold Bucher in Bützberg bei Langenthal mit der Herstellung des Leder- und Bodenreinigungsmittels REX. Mit der zunehmenden Entwicklung der Motorfahrzeuge kam es zu einer Verlagerung der Geschäftstätigkeit und 1947 wurde aus REX MOTOREX.

Seit mehr als 100 Jahren bietet MOTOREX ihren Kunden Produkte und Dienstleistungen auf höchstem Niveau an. Diese Spitzenqualität und Erfahrung machen MOTOREX zu einem verlässlichen Partner für Klein- und Mittelbetriebe, für die Industrie sowie für Fahrrad- und Motorradfahrer - egal ob Profi oder Amateur.

Seit vielen Jahren arbeitet MOTOREX eng mit Herstellern und Rennteams zusammen, um Profi- und Amateursportler im Rad- und Motorradsport mit den besten Produkten und aktuellem Know-how zu versorgen. Fahrer und Teams, die MOTOREX-Schmierstoffe verwenden, haben mehr als 100 Weltmeisterschaften des internationalen Motorradverbands FIM gewonnen!

Das zu fördernde Produkt:

MOTOREX vertreibt mit der BIKE LINE eine spezielle Auswahl an Pflege- und Schmiermitteln für Motorräder. Die neuen BIKE LINE-Produkte sind das umfangreichste Sortiment an einfach anzuwendenden, äusserst wirksamen und besonders umweltfreundlichen Schmier- und Pflegemitteln für die unterschiedlichsten Bedürfnisse von Mountainbikes, Rennrädern und Alltagsrädern sowie Pedelecs und E-Bikes.

Alles an den MOTOREX BIKE LINE-Produkten sorgt dafür, dass Sie sich auf die nächste Fahrt mit Ihrem perfekt gepflegten Bike freuen können.

Die Sortimentsstruktur der neuen BIKE LINE-Produkte gliedert sich in die 3 Schritte der Bike-Pflege.

Schritt 1 - Reinigen: Besonders wirksamer, lösungsmittelfreier, biologisch abbaubarer, gelatinöser Reiniger speziell für stark verschmutzte Fahrräder. MOTOREX BIKE CLEAN löst und entfernt Schlamm, Erde, Staub etc. in kürzester Zeit. Hinterlässt keine fettigen Rückstände und beeinträchtigt die Bremswirkung in keiner Weise.

Schritt 2 - Pflege: Ideal zum Schutz von Fahrrädern aller Art (z.B. Mountainbikes, Trekkingbikes, E-Bikes, Rennräder, etc.) bei längerem Nichtgebrauch. BIKE PROTECT BIO pflegt, konserviert und schützt die Oberflächen vor Staub und Schmutz. Es ist auch für besonders schlechte Wetterbedingungen geeignet, da es starke Verschmutzungen verhindert.

Schritt 3 - Schmieren (Kette): Biologisch abbaubares, vollsynthetisches Schmiermittel auf Öl-Wachs-Basis. Das MOTOREX CHAINLUBE FOR DRY CONDITIONS dringt schneller ein und bildet eine homogene Oberfläche, die die Kette vor Schmutz und Staub schützt. Ideal für die Schmierung unter trockenen, staubigen Bedingungen.

Target audience

Who: mainly the Mountain Bike Community and bikers that look for race proven Products

Raceproven : Motorex engagement in Racing through various Teams & athletes featuring in the Mountain Bike World Cup and Championships

From 18 to 50 Years old

Task to perform

Task1: Create an fair exhibition stand >> 2 hours

Task 2: Design a ROLL-UP Poster >> 1 hour

Task 3: Design a Animated Banner for the WEB >> 1 hour

Description of the Task

Task 1

Create

Create a fair exhibition booth for the new Bike-Line-Products from Motorex

The client wants to develop a Fair Exhibition Booth that markets Motorex's new "**Bike Line**" products. Your communication focus should be directed to this raceproven and biodegradable products.

The current campaign is running under the name: **Bikes' Best Buddies** (MOTOREX Products are Bikes' Best Buddies)
The current model for the fair exhibition booth must promote the 3 Products of the Motorex Bike Line

Create a Photoshop Presentation according to the following specifications. >> Appendix_1-Layout

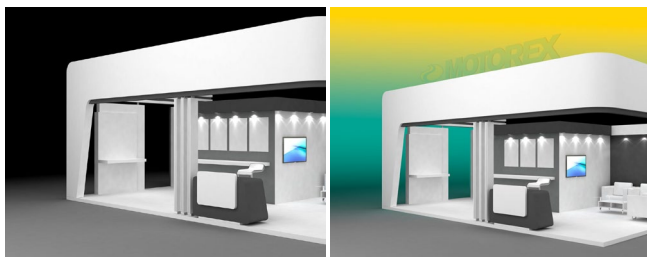

- adjust the proportions of the layout
- change the background to a gradient from "Motorex Green" to "Motorex Yellow"
- the ground area remains grey
- place the logo "Motorex" with the Icon in the right perspective on top of the fair-exposition-booth
- position the 3 products into the frame (numbers 1,2 and 3) >> Appendix_3-products
- use the "Bike Mood Pictures" to design your fair-booth >> Appendix_2 Bike Mood Pictures
- position the "Bike" into the fair-stand >> Appendix_4-Bike.png
- place the logo "Bio-degradable" in a prominent place >> Appendix_5-Bio-degradable
- use the logo "BIKES' BEST BUDDY" in your fair-booth design >> Appendix_6-Bikes-best-buddy
- place the roll-up of Task 2 at a suitable location

We provide:

- Rendered 3D Model of the fair exhibition booth shutterstock_1917038051
- General indications for our Artwork Layout >> Appendix_1-Layout
- MOTOREX Logo PRINT: Appendix_7-MOTOREX_Logo_PRINT
- Logo BIKES' BEST BUDDY: Appendix_6-Bikes-best-buddy
- logo "Bio-degradable" >> Appendix_5-Bio-degradable
- Image of Mountain Bike: Appendix_4-Bike.png
- 3 images for Bike maintenance: Appendix_2-products

bike_clean_500ml, bike_protect_bio_300ml, chainlube_for_dry_conditions_100ml

- Bike Mood Pictures >> Appendix_3 Bike Mood Pictures

Produce: Technical Specifications

- Generate a non-destructive Photoshop File
- Use vector smart objects for all imported logos
- Use the corporate colour as Background:

RGB 0 R, 164 G, 146 B / #00a492

RGB 250 R, 205 G, 0 B / #facd00

- Resolution: 180 ppi
- Canvas Size: 2835 x 1665 px
- Follow the indications in Appendix_1-Layout
- ICC Profile: sRGB IEC611966-2.1
- Naming of the PSD-File: "YY_Motorex-Bike-Line-Products_Booth" (YY represents your competitor number)

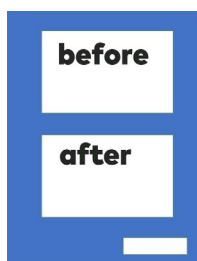

Provide

Digital:

- 1 x Photoshop PSD file showing all the layers and smart objects
- 1 x PDF/X-4:2010 (PDF 1.7)
- 1 x PDF/X-3:2003 PDF to be sent by e-mail. Web Coated FOGRA28 , resolution not higher than 150 ppi , image quality compression set to medium.

Print:

- 1 x A3 printout containing the supplied booth image, and your booth design image together, with one above the other (vertically) and the Name-Tag: YY_Motorex-Bike-Line-Products_Booth. (YY represents your Competitor number).

Present

1 x colour printout at 100% trimmed to actual size and mounted on A3 Board. Ensure that you include your Competitor number on the mount-board.

Task 2

Create

Design a ROLL-UP Poster

The task is to design a roll-up poster promoting the Motorex bike line. The three steps, Clean, Care, Lube have to be advertised clearly.

Create a Design to promote the 3 Bike Line products. Use the following elements:

- the complete logo "Motorex" with the Icon and the text "Oil of Switzerland"
- place the logo "Bio-degradable" in a prominent place >> Appendix_4-Bio-degradable
- the 3 products should be clearly structured into: 1 > Clean, 2 > Care, 3 > Lube >> Appendix_2- products
- use one or more "Bike Mood Pictures" for for a compelling design
- position the "Bike" as you wish >> Appendix_4-Bike.png
- use the TEXT: EVERYTHING YOUR BIKE NEEDS Biodegradable lubricants and care products >> Appendix_9-Text
- use the TEXT: 1 Clean, 2 Care, 3 Lube. >> Appendix_9-Text
- QR-Code: <https://motorex.com/de-ch/bike-line--5622> >> Appendix_9-Text

Produce: Technical Specifications

- Format: 100 x 205 cm (portrait)
- Colour: CMYK
- Colour Profile: Coated FOGRA39
- Resolution of images: 144 ppi
- Place the TEXT: "products & full details" >>Appendix_9-Text next to the QR-Code
- Bleed: 1 cm

Provide

Digital:

- 1 x PDF/X-4:2010 file with bleed, specified ICC profile and colour bars only
- 1 x INDD file or 1 x AI file
- You must include a packaged Adobe InDesign or Illustrator folder for submission that includes all fonts and links used only.

Print:

- 1 x A3 Format of your Design reduced to fit on paper

Present

Place your Roll-up into the fair-exposition-stand from Task 1

Task 3

Create

Animated Banner for the WEB

Design and animate a banner to help promote the step 1 Product Bike Clean and the launch of the 2023 program on social media.

Ensure your animation remains easy to read, as people scroll rapidly through web pages and social media channels. Your animation must animate for at least EIGHT (8) seconds but no longer than TEN

(10) seconds.

Remember that the text still needs to be legible on small mobile phone screens and the branding must be consistent to your Roll-Up design. This will set the tone for all future social media marketing campaigns even for the other BIKE LINE products.

Your animation must include the following:

1. Motorex logo from Appendix_7-MOTOREX_Logo_PRINT
2. The text from Appendix_9-Text
3. Any images you wish to include from Appendix_2-Bike Mood Pictures or Appendix_3-products
4. The Logo Bike best Buddy from Appendix_6-BIKES BEST BUDDY

Produce: Technical Specifications

- Size: 1080px x 356 px (landscape)
- Colour: sRGB IEC61966-2.1
- Permitted file formats: .jpg, .gif, .psd, .aep
- Duration — Between 00:08 - 00:10 seconds
- File Type: Your animation should be constructed in either Photoshop or After Effects Naming Note: YY represents your Competitor number
- YY_Animation_task3.psd or YY_Animation_task3.aep
- YY_Animation_task3.gif

Provide

- 1 x animated .gif Format
- 1 x Photoshop .psd layered file or After Effects .aep working project native file, packaged and including linked files and fonts.
- Any other Working files should be saved in a separate folder that proves development and showcases any alternatives

Present

You should show the animated banner to your client. Therefore save it as a video file in an extra Folder called "Video"

- 1 x RGB video format: MP4 or MOV file type.

Instructions to the Competitor

Document Management

Digital Data on your Computer

Create a folder on your desktop called YY_Name-of-TP_DAY_Z , where YY represents the number of your workstation. "Name of TP" represents one of the 4 Test Projects (e.c. Display-Design, ...) and Z the day of competition (1 to 4). The name of the folder does not contain any blanks.

All working, final and packaged files must be included in this folder. There is no other File or Folder on your Desktop.

e.g. : **06_Display-Design_DAY_4**

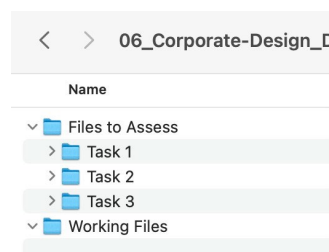

(example for Workstation nr. 06 on the first competition Day)

Files to Assess >> All final and packaged files must be included in the specific "Task n" folder. e. g.: Task 1, Task 2, Task 3

Working files >> The content of this Folder is up to you. Files and Documents in this folder will not be assessed. This folder serves as data storage and to provide a tidy structure in the other folders.

Printout:

You must include your workstation number on the presentation board and printouts for marking and delivery to your workstation (the number should be included outside of the artwork).

Marking Scheme

The Marking Summary will be either provided during the briefing session on C2 or at your workstation.

Appendix

This Test Project paper will be printed out. To prevent too many pages from being printed, we do not list all appendix documents here. You will find them in the folder on your desktop.
