Page 3 — Introduction

INTRODUCTION

Java Teak was founded in 2005. On a vacation to Bali the previous year, the owner, Mike, fell in love with the architecture, culture, people, art, and furniture.

Java Teak keep their overhead low by shipping several 40' shipping containers per year directly from their supplier in Central Java to their showroom/warehouse in Newark, California. Instead of operating in a high-profile and expensive retail location they opted for a much less costly light-industrial space. Java Teak understand that today's savvy shoppers are doing their research on-line and know how to find them.

Pages 4 — The Logo

THE LOGO

Clear Space

logo minimum clear space is defined as the following specifications.

- Maintain clear space around the signature to protect the logo from distracting graphics or typography.
- For the signature, measure clear space by the height of the “J” from Javateak Furniture Logo, and the width of the “J” for horizontal.

Using **Pantone Solid Coated logo** (from Task 1)

You must define the **clear space** for the **2 PMS C** logo

Minimum Size

The signature reproduces well at almost any size. Going too small, however, can damage the logo's integrity and effectiveness.

- On screen
The minimum logo width for web pages and application is **Insert minimum size for screen in pixel**
- In Print
The minimum logo width for print is **Insert minimum size for print in millimeter**

Using **Pantone Solid Coated logo** (from Task 1)

You must include the following **minimum size** of the **2 PMS C** logo

Color Specifications

The full color logo is always the preferred logo of choice as it encapsulates our message. In some instances, it may not be possible to use the full color logo and the greyscale or black & white version may be used instead.

CMYK

Insert **CMYK** logo (from Task 1) with **color specifications** of the logo (should NOT have decimals)

PMS

Insert **2 PMS C** logo (from Task 1) with **color specifications** of the logo (should NOT have decimals)

GREYSCALE or BLACK & WHITE

Insert **GREYSCALE or B&W** logo (from Task 1)

Pages 5— The Colors

THE COLORS

Javateak Furniture color palette is based on a core set of colors that compatible with Javateak Furniture Logo

Primary Brand Colors

The full color logo is always the preferred logo of choice. The following colors are our core colors which should be utilised for general communications.

Select 2-3 colors that compatible with CMYK logo, including CMYK & PMS specifications of each color (should NOT have decimals)

Secondary Brand Color

In some instances, it may not be possible to use the full color logo, the greyscale or B&W version may be used instead. The following color should be utilised with the greyscale or B&W logo.

Select 1 color that compatible with greyscale or B&W logo, including CMYK & PMS specifications (should NOT have decimals)

Pages 6 - 7 — The Fonts

THE FONTS

Javateak utilise a Primary and Secondary Font for all designs, they are:

Select your Primary and Secondary Fonts

Primary Font

Include Font Name and Style

Aa Bb Cc Dd Ee Ff Gg Hh Ii Jj Kk Ll Mm Nn Oo Pp Qq Rr Ss Tt Uu Vv Ww Xx Yy Zz

Pages 8 — Unacceptable Logo Usage

UNACCEPTABLE LOGO USAGE

To maintain its integrity, none of the elements within the logo brand signature should be altered in anyway. The correct proportions, colors, the relationship between the symbol and logotype should be maintain at all times.

You must create example pictures present all cases of unacceptable logo usage. Each case must include prohibited symbol (\) on example pictures.

Include six cases of unacceptable logo usage:

- DO NOT change the proportion of symbols or letters.
- DO NOT change the type spacing of the logo.
- DO NOT change the colors of logo.
- DO NOT rotate the logo elements.
- DO NOT reposition the logo elements.
- DO NOT distort the logo elements.

Pages 9 — The Visual Elements

THE VISUAL ELEMENTS
